

The Horizon Happenings

09-01-2024

Hello family and friends!

I hope you have all enjoyed your summer! With fall on its way, so is the cold weather. We would like for families to come clean out the summer clothes and fill the closet with warm cozy clothes.

Our house NP is Stacy Williamson, and she is usually in our home on Mondays. If you are not seeing our house physician and would like more information, please contact Carrie the administrator for more information.

Advanced specialty is the pharmacy we use for all our medication needs. If you have any billing issues, please call 810-232-2700 for any questions.

Families, if you are bringing any medications in whether they are prescribed or over the counter, please give them to Stacy the Resident Care Manager in charge of the medications for the residents. We need an actual doctor's order for anything including medicated lotions, cough drops, eye drops, etc. All these will be stored in the locked med cart NOT in the resident room. This is a state policy for safety.

I would like to bring attention to all families, some of your loved one's rooms are getting a little cluttered. I would like for everyone to help de clutter so we can keep your loved ones SAFE and prevent falls. We can provide you with boxes to take some belongings home that are seasonal.

"JUST ONE SMALL POSTIVIE THOUGHT IN THE MONRING CAN CHANGE YOU WHOLE DAY" -Dalai Lama
